TASKBOARD

Product Backlog	In Progress	Completed

WALKTHROUGH

1. What do we need to do to advance this piece of work?	Work well as a team and do daily standup meetings.
2. Is anyone working on anything that is not on the board?	No.
3. What do we need to finish as a team?	Finish our Front-end and present to the Lecturer.
4. Are there any bottlenecks or blockers to the flow of work?	No bottlenecks.

LOGBOOK

Date:		
Monday	1. What did I complete since the last standup?	
	2. What am I planning to complete between now and the next standup?	
	3. What are my impediments (or risks or problems)?	

Date:	28 July 2026	
Tuesday	1. What did I complete since the last standup?	I have been busy with prototyping and developing our Wireframes.
	2. What am I planning to complete between now and the next standup?	Focus on the next sprint after getting feedback from our Lecturer about our design.
	3. What are my impediments (or risks or problems)?	None so far.

Date:	29 July 2026	
Wednesday	1. What did I complete since the last standup?	Our wireframes designs were not visually appealing to the lecturer so I had to change our color scheme to make it more appealing to the USER.
	2. What am I planning to complete between now and the next standup?	Prototyping our screens, Make our buttons/screens clickable.
	3. What are my impediments (or risks or problems)?	Time management.

Date:	30 July 2026	
Thursday	1. What did I complete since the last standup?	Still busy with the design of our wireframes. I am fixing my screens which is the Subscription page. Our layout did not have a uniform design since each individual created their own screen so we are still in the process of fixing that.
	2. What am I planning to complete between now and the next standup?	I am planning to start prototyping with the help of my teammates of course.
	3. What are my impediments (or risks or problems)?	None.

Date:	31 July 2026	
Friday	1. What did I complete since the last standup?	Prototyped our wireframes and gave the USER a look and feel of how our actual app will be like in terms of features etc.
	2. What am I planning to complete between now and the next standup?	I will now create a Github repository for our Project on GitHub for me and my team to be able to interact well since we will now start building our Front-End, we need to combine our code.
	3. What are my impediments (or risks or problems)?	Not completing our app on time, due to other subjects taking a toll on me.
